

Altölauffang- und Absauggerät mit Kunststoffzylinder

Description

Advantages

- Extraction and collection function
- Transparent 10 L container
- Emptying by applying compressed air
- Cleaning device
- Height-adjustable collecting funnel with sieve
- Including level indicator and multi-part suction probe set
-
- Suction bell capacity: 10 L
- Capacity: 90 L
- Hopper capacity: 18 L
- Air connection: 1 / 4"
- Working pressure: 7-8 bar
- Max. generated vacuum: -0,85 bar
- Suction volume: 1,5 – 2 L / min
- Collecting funnel: Ø 590 mm
- Total height min.: 1100 mm
- Total height max.: 1800 mm
- Weight: 43 kg
